Who: *Biology Teachers*
TEACHERS IN OTHER PARISHES AND NONPUBLIC
MAY ATTEND IF SPACE PERMITS AND FOR A FEE.

What: *EOC Biology Using the*
Modeling Methods Approach

When: *July 11-15, 2011*
8:30 am – 3:30 pm

FAX THIS FORM TO:
Andrea Walker at 379-3826

Incomplete applications cannot be considered.

EOC Biology Lab Activities

Meet the challenges of the Biology End-of-Course exam with standards-based, hands-on biology labs using the modeling method of instruction. Modeling maximizes student involvement and higher order thinking. Labs embed the science of inquiry within core content. Science of Inquiry is 18% of EOC.

BioTools Lab Manuals:

- Inexpensive activities that bundle GLES
- TE with test questions

More on the Modeling Method of Instruction: <http://modeling.edu>

Participating schools will receive lab manuals, classroom materials and on-line support.

Send inquiries to: admin@core4kids.org

Confirmation emails for acceptance will be sent by June 1, 2011.
